Moving Forward
TOGETHER

November, we will ask the voters to vote but this time for an operational referendum. Why an operational referendum? Just like any business, every year schools are challenged with the rising costs of salaries, benefits, supplies, and upkeep. Unlike a business, schools are beholden to aid provided by the federal, state, and local governments. The aid provided has not kept pace with the rising costs of operation expenses and has school districts making program and staff cuts to keep the "books balanced". An operating referendum allows the district to continue to offer our students excellent educational opportunities and a variety of programs that ensure that their futures have our students
